

## PART II

- JFK was shot in 1963 (the number 63 is possibly derived from (29+34), where 29 is for the 1929 stock crash, and the number 34 symbolizes JD Rockefeller, since his empire was busted up (into 34 pieces) in 1911 (90 years later, the 9.11 tragedy hits).
- Also, JFK was threatened on the 34<sup>th</sup> anniversary of the 1929 Stock crash, and shot on his 34<sup>th</sup> month as president (his wife was 34 years old).
- The number 43 is the reverse of 34, and the 43<sup>rd</sup> president was out of town (during the 9.11 tragedy). The VP Dick Cheney (whose initials are "4" and "3") was calling the shots (authorized the shootdown of unresponsive civilian aircraft, 43 minutes after the last crash (after AA77 hit the Pentagon at 937am (JD Rockefeller died in 1937)).
- The Pentagon was under reconstruction, when AA77 plowed into the area under construction. AA77 hit the pentagon 34 min after the south tower was hit at 903 am. Perhaps the number 77 symbolizes Reconstruction (after the Civil War), and JD was acting on behalf of the Confederates, when both Towers came down.
- One theory is JFK was shot because of his dad's shenanigans during the Stock Crash of 1929 (when he got filthy rich). JFK was threatened on the 34<sup>th</sup> anniversary of the 1929 stock crash (which ended on 11.13.1929) (the number 13 might be connected to the Confederacy, suggesting they're the ones in power). The JFK threat was the inscription on a dagger (from the British Black Watch Regiment) which read "nobody wounds us with impunity". Here, this would suggest JFK was shot because of the American Revolution.
- So, somebody on the JFK side hurt them, and JFK's death was retaliation. The hurt must've been during the Stock Crash, when JFK's dad got filthy rich. Plus, the number 34 is symbolic of JD Rockefeller (but he was German, not British) (the Germans and the British were at violent odds when Titanic sunk) (Titanic was a British registered ship).
- JFK's dad also did the British wrong as Ambassador, and seemed to side with Hitler on the "Final Solution" (Everybody on the Warren Commission was a 33-degree Free Mason. So was Zapruder, and John Dealey. LBJ was a Free Mason. The cop that hit Oswald was a Free Mason) (badge man" seemed to have a Klan patch. LBJ was in the Klan. Dallas was known as the "city of hate"). So, one can easily say, that JFK took a bullet for the Blacks (the Klan of course were the living legacy of the Confederates).
- Yet the brutality involved in the assassination (JFK's brain was shattered, literally blown apart) (a violation of our norms for capital punishment) coincides with JD Rockefeller having his Empire shattered into 34 pieces (in 1911) (90 years later on 9.11, 2 gigantic towers, two "I"s (apparently symbolic for, an eye for an eye), were destroyed in similar dramatic horrific fashion). Even the Bilderberg's 1<sup>st</sup> meeting was on JFK's 37<sup>th</sup> birthday (JD died in 1937). JFK was shot 9 years later (9="I"). (He was also threatened 9 days before he was shot) (JFK was shot on the 9<sup>th</sup> sign of the Zodiac) So they have to mean "I", for the biblical "an eye for an eye".
- Even the unsinkable Titanic (1912, the year after 1911), splits in two and drops 12000 feet into the depths of the sea (killing 1500, Robert E Lee surrendered at 1500, Standard Oil was called #15, and the company was dissolved on the 15<sup>th</sup> of May) After Titanic went down, JD Rockefeller extended his summer stay at Forest Hill, well into 1913, until after JP Morgan (the owner of Titanic) was

apparently murdered (JP Morgan skipped out on Titanic's maiden voyage, at the last second) (Titanic had been scheduled to arrive in New York City, on JP Morgan's 75<sup>th</sup> Birthday. Apparently, he decided to celebrate elsewhere) ("He was reportedly booked on the maiden voyage but instead remained at the French resort of Aix to enjoy his morning massages and sulfur baths").

- JFK was 34 months in office when he was shot, and his wife was 34. JFK's dad was SEC chairman in 1934, and angered the British and the Jews when he was ambassador in 1940 (28 years later, JFK's brother was shot at the ambassador (by Sir Han), on the 24<sup>th</sup> anniversary of D-Day).
- JFK was born on the 29<sup>th</sup>, and his wife was born in 1929 (right before the 1929 Stock Crash).
- The number 29 is reversed by 1892, the year JD Rockefeller's empire was threatened (the Standard Oil Trust was ordered to dissolve by the Ohio Supreme Court), and 1892 was the same year JD Rockefeller apparently had a nervous breakdown (The suspicion is he went nuts and blamed it on America) (the richest man in the world with a score to settle, with ties to violent hate groups, like the Klan. One could only imagine (whoever shot JFK had tremendous hatred, judging by the manner of his assassination) (whoever brought down the twin towers, had to be clinically insane).
- The next year, America was hit with the Panic of 1893 (a financial crisis) (right after JD Rockefeller had a panic of his own). Guess who bails out America, his cousin, J P Morgan (later, the owner of Titanic, who skips out on its maiden voyage at the last minute) (The Titanic was set to arrive in New York on his 75<sup>th</sup> birthday, so why would he miss that?) (Suspect, he was murdered the next year in 1913) (JP was born in 1837, and cousin JD died in 1937). The rumor was they hated each other.
- The panic of 1893 was only a tremor, compared to the panic of 1929 (the wall street crash) (The number 29 reverses 1892, the year JD Rockefeller's empire was threatened)
- (4 years later he seems to steal the presidency, by seemingly placing McKinley into the oval office) (JD and JP showered McKinley with cash) (McKinley was assassinated, when he apparently didn't work out (sorry you're fired, where's Teddy) (McKinley was assassinated 6 months after JP formed US Steel in 1901, allowing Teddy the Trust Buster to run the country (an obvious irony, leaving the assassination a mystery, unless McKinley was thrust into office so he could be assassinated because of a symbolic year, the 29th presidential race (number 29 reverses 1892, when JD Rockefellers empire was threatened). It sounds crazy, but these secret societies are high on symbolism (to boast or claim responsibility in secret).
- So, that seems to make two Irishmen (JFK and McKinley), thrust into office so they could be shot (retaliation or revenge for an act of treachery or a wrong) (McKinley was the Governor of Ohio, when JD's empire was ordered to Dissolve in 1892, by the Ohio Supreme Court).
- The most devastating financial crisis occurred in 1929 "Black Tuesday" (the terminology suggests racial under tones, since the Civil War was about the Blacks, and the "Robber Baron's" are suspected Confederates).
- Since the American Revolution is within the scope of this study, the number "3" might be symbolic of King George III (he was the King at the time, he was coronated in 1760 and JFK was elected in 1960, he was coronated at age 22, and JFK was shot on the 22<sup>nd</sup>). This might suggest JFK was shot because of the Revolution, but the symbolism might be a smoke screen, to cover up the true nature of the crime ("to avenge the Yankee Government of Reconstruction" in the name of Robert E Lee).
- Robert E Lee did surrender at 3pm (1500 military time, 1500 people went down with the Titanic). Appomattox Court House looked like an Ice Berg, and Captain Smith looked like Robert E Lee. Robert

E. Lee's name is reversed in the WTC designer's name (Leslie E Robertson). History states that Lee (Lee Harvey Oswald) shot JFK.

- 3 shots rang out in Dallas, LBJ took the oath 3 hours after arriving in Dallas with JFK, there were 3 hobos under suspicion, JFK had 3 kids (the 3<sup>rd</sup> died under suspicious circumstances), JFK served 3 terms in the house, 3 years as president, the limo sped thru the triple underpass, JFK was born under the 3<sup>rd</sup> sign of the Zodiac.
- LBJ took the oath (at 1438) exactly 3 hours after JFK arrived (at 1138) (38 reverse s 1783 (the end of the American Revolution)).
