

SUMMARY

9.7.2023 This document was obstructed.

Right after I started doing this Summary, the SS limited my mental abilities (put me under continuous sleep deprivation the last 5 nights, since last Sunday). Yesterday the sleep deprivation was the worst (with the SS expecting me to continue this document). They staged several HIT attempts (as I walked around with no brain).

After I started this document last Saturday, the SS hit me with illegal nerve gas, shoved acid down my throat, tried to force me to choke on my food, tortured my tongue, attacked with biological warfare, staged a HIT attempt while doing the Gospel (last Sunday), and just this morning, tried to smash into my van (my home).

The following Summary was done with half a brain (quit about noon).

9.11.2023 The SS deleted text connected to 1877 and Reconstruction.

The "Coincidental History" series, suggests the repercussions of American Civil War, are still being felt to this day, and that horrific tragedy's such as the sinking of the Titanic in 1912, the JFK assassination in 1963, and the "9.11" tragedy of 2001, might be extensions of the Civil War of 1865 (pitting brother against brother).

The North and South towers (that were struck down on 9.11.2001), might be symbolic of the Civil War between North and South. Robert E Lee's name being reversed in the name of the designer of the WTC (World Trade Center), might be symbolic of the Union Army preventing Lee's return to his former home (the Arlington House).

Reversal symbolism (seems to represent retaliation) seems to be prevalent in all three tragedy's. On 9.11, all 4 flights reversed course. At the scene of the crime for the JFK hit, Dealey plaza appears shaped like two sevens (one in reverse).

Masonic rituals seem to emphasize retaliation as a duty, as a responsibility, in settling a score (all members of the Warren Commission were 33rd degree Masons, Zapruder was as a 33rd degree Mason, George Dealey was a 33rd degree Mason, the cop that hit Oswald in the eye, was a Mason (notice the symbolism, eye for an eye?).

JD Rockefeller seemed to have a score to settle, after his empire was demolished in 1911 (based on the SAA (Sherman Anti-Trust Act of 1890) (90 years later 9.11 hits). Even earlier in 1892, JD's empire is threatened by the State of Ohio Supreme Court (when it was ordered to dissolve). The Governor at the time, ends up dead, in the McKinley assassination of 1901 (after being re-elected in the 29th presidential race) (the number 29 seems to reverse 1892 when JD's empire was threatened, and when JD apparently went nuts) (a crazy man, who happened to be the richest man in the world, with a score to settle? with ties to the Klan? The possibilities were endless).

Fast forward to the 1929 Stock Crash (the worst financial disaster in American history), and guess who gets threatened on the 34th anniversary of the Stock Crash, innocent little JFK (another Irishman) (the number 34 appears symbolic of JD, since his empire was busted up into 34 pieces in 1911) (or the symbolism could go back to the start of the Civil War, when Fort Sumter was fired upon for 34 hours by the Confederates) (JFK was 34 months in office when he was shot, and his wife was 34). ((AA77 struck the Pentagon, 34 minutes after UA175 Struck the South Tower) (1877 marked the end of Reconstruction). Who vowed to “avenge the Yankee government of Reconstruction”? on Christmas Eve (34 minutes after the South Tower goes down, the avengers strike?).

AA77 struck the Pentagon under reconstruction (the Pentagon had been undergoing renovations since 1998, and AA77 struck exactly the area under renovation).

Does this suggest a connection between JD and the South? was JD a OO7? (Like, your mission is to pillage and plunder US Industry) (did JD’s money give rise to the Klan resurgence in the 1900’s? did he buy Dixon (a vowed racist and Klan leader) a church?) (the Klan is the legacy of the Confederates) (thus is it no surprise that “Badge man” seemed to be wearing a Klan patch?).

Was JD a Confederate? when he founded Standard Oil in 1870? How is it, that JD’s empire is threatened in 1892, so the very next year, Bam!, America is hit with the 1893 Panic (Financial Crisis) (7 years before the turn of the century) (7 years after the turn of the century, bam! Another financial panic). Is the number 7 symbolic of 1877 (Reconstruction)? Or the Mason’s? (represented by the insignia of the letter “G” (the 7th letter). Two 7’s seems to point to the “Yankee Government of Reconstruction”. JFK’s limo plates showed “GG300” (that seems to convert to double 7’s). Even Dealey Plaza seems to be shaped like two sevens (one in reverse). JFK was even shot by the Stemmons freeway sign (that’s US77).

The Titanic went down on 4.14 (7+7), Lincoln was shot on 4.14 (7+7). A fire raged for 14 days, in the belly of the Titanic, and was finally extinguished on the 14th, at 1400. President McKinley was shot on the 14th. Robert E Lee was fatally ill for 14 days. JP Morgan, fatally ill for 14 days.

The 9.11 tragedy in 2001, was the 140th anniversary (14=7+7) of Robert E Lee’s first battle on Cheat mountain (9.11.1861). 49 days before 9.11, Silverstein leased the Twin Towers for 3.25 Billion dollars (did he buy fire Insurance?) (did somebody knowingly rip him off?) (49 could symbolize “for 9” where the 9th letter is “I”, for “an eye for an eye”) (on 4.9.1865 Robert E Lee surrendered the Northern Army of Virginia).

Could the WTC (World Trade Center) Twin Towers be two emphatic “I”’s? (110 stories high, towering over Manhattan) (to symbolize the biblical “an eye for an eye” (which means retaliation) (does the “11” in 9.11 mean two “I”’s?).
