

**Coincidental History theory CHT20231003a:** After the Civil War, the Robber Barons ransacked the economy, held America to its knees. By the 1929 Panic, the Union was finished (homeless, no money, at the Mercy of the Robber Barons), as if in retaliation for taking away, Robert E Lee's home.

9.29.2023 by the time I started this document, I was drawing blanks (due to SS memory wipes).

10.3.2023 the memory wipes continue (electroshocks, concussions)

10.5.2023 the SS blatantly deleted data from my research, referencing VP Dick and number 43 (Dick Butkus died today)

**Coincidental History theory CHT20231003b:** 1929 marked the era of a new order (NOR) bent on retaliation, for their seething vengeance had not been quenched, vengeance due to the demands of their ritualistic obligation to counter balance a wrong, as defined in The Old Testament, Leviticus 24:17, "an eye for an eye".

---

So, during the 9.11 2001 disaster you have two (emphatic, gigantic) "I"s (as if symbolizing "an eye for an eye") towering 1368 feet over Manhattan (for 27 years) (as if to make a statement), brought down in horrific fashion (first the cataclysmic explosions brought on by 2 Airliners, then the demolition of both towers, as the finale). Then you have the explosive assassination of JFK, where his brain was literally shattered in horrific fashion (to coincide with his threat to "splinter the CIA into a thousand pieces and scatter it to the winds"). One theory has the Titanic being sunk by explosives (the inverse of 27 is 73, and Titanic was lost at sea for 73 years) (the number 27 was special to JD Rockefeller). The first Panic was in 1873.

These violent forms of expression, suggest a connection to the Civil War. The North and South Towers is certainly consistent with the war between the states (North vs South). Then you have Robert E Lee's name reversed in the name of the designer of the WTC (World Trade Center) (Robert E Lee led the South in the Civil War of 1861).

In the case of the Titanic, captain Smith looks like Robert E Lee, and Appomattox looks like an iceberg. There's also the symbolism of race; Captain Lord would not respond to Titanic's emergency as long as the Rockets were white, and the backlog of messages from Cape Race, was the excuse for Phillips to sit on the last 4 ice warnings. Then you have captain Smith racing through Iceberg Alley at full speed, in the dead of night, with no moon (the lookouts had no binoculars).

The Civil War began with the 34 hour bombardment of Fort Sumter (in North Carolina). JFK was threatened on the 34<sup>th</sup> anniversary of the 1929 Stock Market crash, he was shot into his 34<sup>th</sup> month in office, and his wife was 34, and his dad was SEC chairman in 1934.

Then there was flight AA342, which seemed to kick things off on 2.20.1981 (Titanic sunk at 220), when it almost hit the North Tower (20 years later AA11 crashes into the North Tower). Then you have Titanic being struck at 20 till, and sunk by 20 after (which matches the emblem of the British East India Company, with crosses at the same positions, and a cross easily translates to the letter "T", the 20<sup>th</sup> letter). During the 9.11 tragedy, VP Dick didn't act until 1020. By the way, MR "T" supervised the construction of the WTC (World Trade Center). The 2<sup>nd</sup> Panic (in 1893) was 20 years after the first Panic.

Then there was flight AA77 which buzzed Arlington Cemetery (Robert E Lee's former home, which was turned into a cemetery to prevent his return) 34 minutes after the South Tower was hit (the assumption is that the South tower is symbolic of the Confederacy).

AA77 could symbolize the end of Reconstruction (which ended in 1877), with the 9.11 tragedy fulfilling the pledge "to avenge the Yankee government of Reconstruction" by the paramilitary group that succeeded the Northern Army of Virginia. After all, AA77 did plow into a section of the Pentagon that was under reconstruction (the prior 3 years) (after buzzing Robert E Lee's former home).

Then you have JFK being shot at the Stemmons freeway sign, which was Route US77. Even Dealey Plaza is shaped like two seven's (one in reverse). JFK's limo plates had "GG300" (with G being the 7<sup>th</sup> letter, so GG=77) (the letter G happens to be part of the Masonic emblem).

Lincoln was shot on the 14<sup>th</sup>, and Titanic was struck on the 14<sup>th</sup> ( $7+7=14$ ) (also a fire raged below deck, for 14 days before being extinguished at exactly 1400. Also, the WTC had 7 buildings, and WTC 7 had 147 stories. Robert E Lee was fatally ill for 14 days, and so was JP Morgan (JD Rockefeller's cousin) (he was the guy who kept bailing out America during those Panics, after the Civil War). The 1907 Panic was 14 years after the 1893 Panic. JD is a suspected OO7 (dubbed O seven) for the South.

Then Jimmy Carter (from Georgia, where the burning of Atlanta occurred), takes the oval office in 1977, as the 39<sup>th</sup> president (the inverse is 61, perhaps for 1861, the start of the Civil War) (by the way Elvis died in 1977).

If you add 34 to 29, you get the year JFK was shot (1963). So there seems to be a connection to 1929, or the number 29 (JFK was born on the 29<sup>th</sup>, and his wife was born in 1929). JFK was threatened on the 34<sup>th</sup> anniversary of the 1929 Stock Market crash. The number 29 seems to reverse 1892 (when JD Rockefeller started having problems with the government). Eventually JD's oil empire was split into 34 pieces (so there's the number 34 again) (JD was considered a Robber Baron, and a suspected OO7).

Bad things happened after that (after JD's empire was threatened) like the 1893 Panic (the very next year, was devastating to the economy) (then JD's cousin bails out America) (He also owned the Titanic when it sunk) (he was supposed to be on the ship, but skipped out).

The big theory is reversal symbolism is interpreted as retaliation (like I'll get you back, return the favor, strike back), like all 4 flights reversed course, Robert E Lee's name, is reversed in the name of the designer of the World Trade Center. One seven is reversed in the design of Dealey Plaza. AA11 hitting the North Tower at 846 seems to reverse the number 64 (in 1864 Robert E Lee's estate was turned into Arlington Cemetery). 9.11 seems to reverse Robert E Lee's Birthday of 1.19. "9.11 2001" was the 225<sup>th</sup> anniversary of the Stanton Island Peace Conference, to end the American Revolution of 1775 (225 is the inverse of 1775).

So the number 29, in JFK's case, seems to reverse 1892 when JD Rockefeller started having problems with the government (like, how dare you? Do you not know who I am?). The person who was governor of Ohio (at the time), when JD's empire was ordered to dissolve, ended up dead (in the 1901 presidential assassination, after the 29<sup>th</sup> presidential race). Here again the number 29 seems to reverse 1892 (when JD had it out with the government).

Then there's the case for the number 9. Since the letter "I" seems to symbolize retaliation, and "I" is the 9<sup>th</sup> letter, the number 9 appears to symbolize retaliation through association, and seems to define the reason for JFK's assassination: JFK was threatened by the British Black Watch Regiment, 9 days before he was shot; JFK was shot during the 9<sup>th</sup> sign of the Zodiac (which begins on 11.22); and the Bilderberg's (apparently a new world order) held their first meeting on JFK's 37<sup>th</sup> birthday (JFK was shot 9 years later).

Then there's the 4.9 date (April 9<sup>th</sup>) (the day Robert E Lee surrendered the Northern Army of Virginia). 4.9 probably means "for 9", as if to say the Civil War was for "an eye for an eye". Then there was Silverstein who leased the Twin Towers 49 days before the 9.11 tragedy.

Robert E Lee became fatally ill in the 9<sup>th</sup> month and died 14 days later. So, at 14 till 9 (on the morning of 9.11 2001) AA11 plows into the North Tower, to kick things off. 3 days later, on 9.14, Bush is atop the 9.11 rubble speaking into a bull horn, on the 100<sup>th</sup> anniversary of the McKinley assassination (9.14.1901) (McKinley's story appears similar to JFK's (in theory), two Irishmen thrust into office, so they could be shot, similar to a public execution to make a statement, or strike fear, or ward off would be opponents (The Dutch East India Company was good at this (terrorizing opponents)). In the case of 9.11, it was probably a retaliatory statement, with two gigantic "I"s towering over Manhattan for 27 years). In the case of gigantic Titanic, it had grandeur, luxury, prominence, invincibility, yet it sunk to the depths by a mere iceberg.

On 9.14.2001 Bush states "I can hear you, the rest of the world hears you" (on the Titanic, the cries of panic mounted toward a crescendo, from the throngs of passengers trapped on the stern, as the last lifeboat slowly pulled away). Bush was wearing fire hat number 164 (does this mean "160 for"? Titanic took 160 minutes to sink). Zapruder's camera "was a top of the line Model 414 PD Bell & Howell Zoomatic". The "PD" converts to "164" (Zapruder was the guy who was in the perfect spot to film the JFK assassination. Did he expect it to happen?). Notice the 414 (in the model number) (Titanic was struck on 4.14).

Then you have magic bullet 399, JFK JR crashing in 1999 (the 30<sup>th</sup> anniversary of the Apollo moon launch), where the number 9, seems to symbolize retaliation..

During the "9.11 tragedy" the number 43 seems to reverse the number 34 (symbolic of the Civil War). The 43<sup>rd</sup> president was out of town (DC D=4 C=3). VP Dick Cheney (D=4, C=3), failed to act, until 43 minutes after AA77 slammed into the Pentagon (at 937). The reversal of the number 34 to 43, seems to say, the Towers were brought down in retaliation, of the Civil War (to avenge the Yankee Government of reconstruction). Earlier the symbolism suggested 9.11 was in retaliation for Titanic.

Bush was teaching the 2<sup>nd</sup> graders in Sarasota. (to be continued).

What about Warren G. Harding (from Ohio) (the 29<sup>th</sup> president), gone in 18 months at age 57 (the inverse is 43) in 1923 (the number 29 seems to be JD Rockefeller symbolism). Yet another president? Taken out? (6 years before the 1929 Stock Market Crash).

In Conclusion

There seems to be repeated references to JD Rockefeller in the symbolism of all three tragedies. The 1929 Stock Market crash, seems to reverse 1892 (when JD had it out with the Ohio Supreme Court, over

the disposition of his oil empire). The McKinley assassination is on the heels of the 29<sup>th</sup> presidential race. JFK (born on the 29<sup>th</sup>, his wife was born in 1929.) was threatened on the 34<sup>th</sup> anniversary of the 1929 Stock Market crash.  $29+34=63$ , the year JFK was shot.

The Bilderberg's held their first meeting on JFK's 37<sup>th</sup> birthday (JD died in 1937). JFK is shot 9 years later. JFK was shot in 1963 (the inverse is 37). AA77 slammed into the Pentagon at 937 (34 minutes after the South Tower was hit). The 39<sup>th</sup> president took over in 1977 (JD was born in 1839).

The 9.11 2001 tragedy was three days shy of the 100<sup>th</sup> anniversary of the McKinley assassination (JD said he wanted to live to 100, but died at 97). In 1997, the movie on Titanic, came out (85 years after the Titanic disaster) (Titanic was found in 1985) (the inverse is 15, Standard Oil was referred to as #15) (Titanic went down on the 15<sup>th</sup>).

Radio operators "directed rescuers to a position that turned out to be inaccurate by about 13.5 nautical miles (15.5 mi; 25.0 km)" (15.5 is the reverse of 5.15.1911 (the day JD's Oil empire (Standard Oil) was dissolved (split into 34 pieces)).

Titanic's radio operator was John "Jack" Phillips. JFK's name was John "Jack" Kennedy. Phillips could easily be blamed for the disaster, for sitting on the last four ice warnings, and yelling off the SS Californian (they could've mounted a rescue).

Titanic radio operators sent a distress code starting with "SOS" (SO could symbolize Standard Oil) (OS would be reverse symbolism). According to McBride, the use of SOS originated with the Titanic.

This only the tip of the iceberg.

JFK's entire family was decimated.
