

Theory suggests that 9.11.2001 was an inside job, plotted decades ago, before the World Trade Center was conceived in 1955, in retaliation for the past, maybe the Civil War, maybe messing with Big OIL, or maybe somtin else (**The latest data suggests a connection to the American Revolution**). The theories are supported by a trail of symbolic foot prints, left behind, perhaps inadvertently, perhaps intentionally, as a calling card, like a fiend who commits a heinous crime, and leaves his calling card out of arrogance, assuming no one will figure it out.

- King George III ran the American Revolution, from the British side. (**The latest data suggests 3 is symbolic for King George III**). Thus 3 shots rang out in Dallas, JFK had 3 kids, 3 terms in the house, 3 years as president, 3 hobo's were cot, the limo sped thru the triple underpass, etc.
- King George III was coronated in 1760, and JFK was elected 1960
- King George was 22, and JFK was shot on 22nd.
- JFK was shot in 1963, 63=21+21+21, 21 is also 9 on the clock, the 9th letter is I, so 63 translates to III.
- JFK was born 52 years after the Civil War, and was shot in Dealey Plaza, which is shaped like the number 52. 52 wks is symbolic of revolution.
- In 1664 the British owned Manhattan, and 119 years later (the reverse of 911), the American revolution ends.
- 9.11.2001 was the 225th anniversary of the Staten Island Peace Conference of 9.11.1776. (There's the number 22 again. V is the 22nd letter, and seems to be Mason symbolism). At the time, General Howe was banking on fear, and 225 years later, terrorists strike on 9.11.2001. Also the Statue of liberty was dedicated on Staten Island on 10-28 and the 9.11.2001 timeline ends at 1028am.
- **The latest data suggests a full clock cycle is symbolic of revolution. So the number 60 being at the top of the clock is symbolic of revolution.** Oswald was grilled by Hoste for 60 minutes, and 9.11.2001 was the 60th anniversary of the Pentagon construction at 9.11.1941. **Zero is also at the top of the clock, and so you have "ground zero", where 9.11 occurred.**
- **Also 90 degrees, is symbolically at the top of the clock, and thus is also symbolic of revolution.**
- 9-11 was 90 years after the 1911 bust up of Standard Oil, by the 1890 SAA (Sherman Antitrust act) (S,A,A is 19, 1, 1) (add 90 to 1911 and you get 2001, 9.11 presumably comes from 1911). So back in 1911 somebody might've known 9.11 would hit in 2001. Also, there were 19 hijackers, and most were from SA (Saudi Arabia). The WTC architect helped build the SA airport.
- The number 90 appears prevalent in 9-11 symbolism. UA175 hit at 903, the first WTC hit was in 1993 (90+3), and UA93 converts to 90+3.
- Also Robert E. Lee's birthday is 1-19 (the reverse of 9.11) and his name is reversed in the name of the WTC designer, Lesley E. Robertson. Lee's first campaign was on Cheat Hill on 9.11.1861, 140 years before 9.11.2001.
- The first WTC hit was 14 til 9, and Robert E Lee became fatally ill on the 9th month for 14 days, and 9.11 was 3 dayz shy of the 100th anniversary of the McKinley hit on 9-14. Bush stood on the 9.11 rubble, on 9-14, wearing hat 164.
- Also on 9.11.2001 Bush was notified twice, 5 till and 5 after (5 till is the 11th sign of the zodiac, and 5 after is the 9th sign) which shows 9.11 in reverse.
- The British acquired ManHatten in 1664, Robert E Lee's estate was turned into Arlington cemetery in 1864. On 9.11.2001 AA77 buzzed Arlington, seconds before crashing into the Pentagon, after a 64 minute flite. According to theory, The SS roze to power 64 years after the Civil War, on the heels of the 1929 stock crash, and the next presidents initials were the 6th and 4th letters, who kept saying something like "Don't be afraid my little ones". Also the WTC (World Trade Center) plan was approved in 1964, etc etc. Also the SS was intent on snuffing me out, along with my 9.11 theories on my 64th year.

- **The latest data suggests 46 symbolically reverses 64, and the British owned ManHattan in 1664.**
- AA11 hit the north tower at 846, after a 46 minute flight, and the 9-11 president was born in 1946, and was the 46th governor of Texas. 9-11 occurred 46 years after the World Trade Center was conceived in 1955, and the 1911 bust up of Big Oil, was 46 years after the Civil War. JFK was 46, and the Garrison trial was on 4-6.
- Also on 9.11.1998 the IC (Intelligence Community) warned of catastrophic consequences, 3 years before 9.11.2001 hit. So there's the number 3 again.
- **The latest data suggests 34 is symbolic for "3 For" or rather "For 3".**
- So JFK was seemingly threatened on the 34th anniversary of the 1929 Stock crash, when the British Black Watch regiment gave him a dagger with the inscription "Nobody wounds us with impunity". JFK was Irish, and from Boston. In 1775 Boston was the powder keg that sparked the rebellion.
- In 1911 Standard OIL was busted into 34 pieces, and JFK was shot on his 34th month as president, and his wife was 34 years old, and Bush filed on 3-4 for the Arbusto stock he dumped. 43 is the reverse of 34, and Bush was the 43rd president, and Cheney finally acted on 9.11, 43 minutes after AA77 crashed. Also Cheney's initials DC, convert to 43. AA77 hit the pentagon 34 minutes after the south tower was hit at 903 am.
- In 1911 JD was worth 900M and the twin towers cost 900M.
