

(5.23.19 The SS Terrorized me last nite, while in the back of the Van, suddenly yelling like a drill instructor, next to my van, We have to get rid of this ass hole!, while I was in the back typing up this report. I think they want me off that street)

(5.21.19 The ss beatup my brain before I could write this, electroshocks, concussions, and sleep deprivation. This is after months of brain attacks. So my writing isn't at it's best. That's the way it was when I wrote 'Is The CIA Out of Control'. 24 years later they sent my van out of control, toward a giant lake.)

A new order has apparently taking hold of things. Of course the name itself, Trrrump, has biblical symbolics, like trumpet, announcing a new order, 72 years after the 3rd Reich which ended in 1945. Now the 45th president has been ushered into office, I mean elected. Coincidentally 45 on the clock, begins the zodiac calendar, and like I wrote 3 months ago, the Nazi's were obsessed with the occult. Since Trump took office, things have been off the charts, especially from my perspective. Unprecedented events have rocked my world, each of which would have required an Executive Order. On the 47th anniversary of the WTC topping out party (WTC for world trade center. I'm a 9.11 conspiracy theorist), the SS tried to send my van (my home) into a giant lake (47 is beheading symbolism, and this event is known as the ADD). On the 62nd anniversary of the WTC inception, the SS either fractured or broke my neck (the CNA). 125 days after Trump said 'Take care Dave' on live TV, at the 2018 SOUA, a hit attempt occurred (some guy armed with a big knife, hitting my van violently and ordering me out, in the ded of nite. This is the AMA). 125 is 9.11 symbolism, and coincidentally so is 225, with 9.11.2001 occurring on the 225th anniversary of the 9.11.1776 Staten Island Peace Conference, where the British assumed the colonists were done.

Also unprecedented was when the SS attacked my eyes twice, since the letter "I" symbolics entered my research last October, with the latest 9.11 revelations of a possible British connection. Off the top two "I" 's has 9.11 symbolism, for twin towers, and the number 11, for 9.11. In my research King George has three I I I 's. He was the guy who led the British against the colonists in the American Revolution. My research translates I as the 9th letter, and 9 translates to 21 on the clock. So three 21's is 63, and JFK was shot in 1963, on the 22nd, and KG III was coronated at 22, in 1760, and JFK was elected in 1960. So what's the connection. JFK was Irish, and the Irish in Boston were the hotbed of rebellion in 1773. (By the way, 9 also translates to 45 on the clock, and guess who's the 45th. 45 also starts the zodiac calendar, and in my SS Fascism write up, the SS is obsessed with the occult). The number 3 (symbolic for KG III) is prevalent in JFK Hit symbolism, and 9.11 symbolism. By the way, JFK's son died in 1999 (three nines for III), (the ninth letter is I).

After I did a write up on 3.10.19 on the Challenger disaster, showing a symbolic connection to the AR, and after doing a mockery of Trump in another write up, the SS viciously attacked my eyes with a high concentration of chlorine, at a spot they expected me to be, in the pool. The same day of the write up, 3.10, the SS tried to hit me with a car, then tortured me the next 3 days, by yanking my leg limbs out of their socket, crippling me. Then on 3.15, they attacked the eye's, as if in retaliation for the latest theories, where the letter I is symbolic. Then they tried a hit attempt on a full stomach (Some guy intentionally bumped my van, then pulled up next to me, like nothing happened), in an isolated area.

On 3.10.19 I noted AR (American Revolution) symbolism in the Challenger disaster, with the O in O'ring symbolic of revolution, for the same reason zero, like in ground zero is symbolic, and of course the name itself hints at Irish, O'ring. An Irish teacher did die in the cataclysm, and an Irish president watched at age 76. (1776 was the DOI (Declaration of independence), and the DOI was the reason for the 9.11.1776 Staten Island Peace Conference. Also the explosion was 46000 feet up, and 46 is all over my 9.11 research. (The theory is 46 symbolically reverses 1664, when the British last owned the island of Manhattan (where 9.11 took place). The standing theory is that 9.11 was symbolic retribution for 8 years of war, after the British were essentially stood up at the 9.11.1776 SIPC. Then there's 73, the shuttle detonated at 73 seconds, and Boston was a hot bed of rebellion in 1773, for example the Boston Tea Party was the last straw for KG III. He couldn't have his monopoly on tea then, but 100 years later Standard Oil sure became a monopoly (That was JD's company (the empire of JD). Also the British Black Watch regiment seemed to threaten JFK (9 days before he was shot, 9 symbolic of I), when they gave him a dagger with the inscription "nobody wounds us with impunity".

The president who watched the disaster, was Irishman Ronald Reagan, who escaped an assassination attempt in 1981 (the reverse of 81 is 18 which symbolically means AR) on his 3rd month into office, and who later dies at 94, the reverse

of 49 (49 is beheading symbolism). The Irish teacher who died in the cataclysm was to teach lessons in space, as if the phrase itself, teach you a lesson, supplied a reason for the horrific event, as did the fact Bush was teaching 18 2nd graders during 9.11 and Oswald was firing his Italian rifle, from a School Book depository, as if the JFK hit and 9.11 was to teach a lesson to later generations of American's, passing the torch to the innocent kids paying the price for their fathers. When JFK said "pass the Torch" he was referring to the Statue of Liberty on Staten Island, the same statue that welcomes immigrants, while on the west coast, today's president wants to build an impenetrable wall. So which is it, liberty or Tyranny? (The latest theory is the Empire blamed the Irish for the rebellion, and subsequent loss of income, especially after the colonists scuttled their tea monopoly, with the Boston tea party, giving the fish free tea). Then just 9 days before he was shot, JFK was given a dagger from the British Black Watch regiment, with the inscription "nobody wounds us with impunity", so he was definitely shot out of retaliation.

On 3.11.19 I did a profile on Trump stating:

He has made a mockery of the white house; he has lowered the bar for becoming president; after 2 years he still doesn't know how a democracy works; everything ends up in the courts, CALI has sued the administration at least 47 times; this is the only white house in history with a revolving door; the master illusionist belongs in Vegas.

The next day, the SS cripples me, as if in anger, they then attack my eyes with an intense concentration of chlorine. I've been a swimmer since grade school, so this chlorine was intense, concentrated in just one area of the pool, like the SS had just emptied a bottle, seconds before I got there. Like I said, attacking the eyes is symbolic, for III, King George the III, and the American Revolution, and the latest 9.11 theory of a British connection to 9.11 and the JFK assassination, with JFK being Irish, from Boston, born 52 years after the Civil War (which divided the nation). 52 is also symbolic of revolution and Dealey Plaza (where JFK was shot), is shaped like the number 52, upside down. By the way the 2 flights that hit the Twin towers, were also from Boston, where the revolution began.

On 3.11.19 I also wrote that Trump was intertwined with Big Oil (exclaiming "Big Oil is Back! Upon taking the oval office), doing their bidding, reversing environmental regulations on their behalf, calling Global Warming a hoax, to make things easier for fracking, ripping up the environment, reducing the size of our National parks. And his name DJ is even the reverse of JD, the founder of big oil, whose paw prints are all over the 9.11 map. He even acts like JD, circumventing, evading, side stepping the Law, at every turn, like he has JD's playbook tucked away in the oval office. JD's empire was split up in 1911, then 9.11 hits 90 years later (90 is symbolic of revolution, since it's at the apex on the clock, just like zero is, for 'Ground Zero'). JD's the guy who said sept 27th was special. JD's empire broke up because of the 1890 SAA. (SAA translates to 1911).

Attacking my eyes, didn't end in March. A month later they got in and tweaked my vision, this time as I slept. This attack was on 4.22.19 after the royals (no not the baseball team), appeared to be issuing an SS symbolic threat on live streaming AOL on 4.2.19, after I did some more write ups. Of course a British threat moves the needle closer to culpability (I was like huh!), since my latest 9.11 theory seems to finger the British. Then there's the Brit commercial, about that insurance lizard, where a brit talks about a brainless noodle man, while the SS was carpet bombing my brain the first 3 months of 2019, trying to pound my brain into oblivion, after I came up with my latest theories last year, as if the king sentenced me to version 2 of the Guillotine (a secret operation to drive targets nuts). By the way, this is also unprecedented, since Trump took office (In the past, they would beat up my brain for a few nites or weeks, then let me go). This time they were doing all niters (bzzzzt bzzzzt slam! Slam! Slam! Fo ged about it!). By February I locked my keys in the van 8 times. I had to wrap tape on my finger, to remember my head lites were on. Plus the SS was playing memory tricks on me, they even had me call the SSA (social security) to test my memory, as if to see how much damage they caused.

So 4.22 means something since they disabled me on 4.22 years ago, and even got me a TM job in room 422. It has to mean "for 22", like retaliation for my research on the 11.22.1963 JFK hit. My research translates the 22nd letter to V, which appears to be Masonic. If you look at my pictographs you'll see what I mean.

Then there's the 4.2 threat, which symbolically connects to Manhattan (MH), with the 1942 MH project. If you add 60 to 42 you have the 9.11 timeline in MH, since 9.11 lasted 102 minutes. 60 is also at the apex on the clock, so it also symbolizes revolution. Just coincidentally 9.11 was the 60th anniversary of the pentagon, built on 9.11.1941.

The Royals thret on 4.2.19 was 4 days after I tried to message the Washington Post. They're the ones who called Trump a Russian agent, perhaps in jest, but nevertheless all that hobnobbing with Putin leaves one to wonder (Did the Russian's fund the Trump campaign. Were there Russian money launderers at the Trump Tower meeting. Was Rorhbacher involved. Was the KGB there). (On 2.24.19 a Bezo's cargo flight went down. Bezo's owns the Washington Post).

The Royals thret was also 3 days after I did a write up on the Max 8, and 4 days after I did a write up on the FAA, where I said the FAA bows to the airline manufacturers, who put money before safety. I also noted the Max 8 was rushed to get the contract.

TO BE CONTINUED

9.11 and Coincidental History

Theory suggests that 9-11 was an inside job, plotted decades ago, before the World Trade Center was conceived in 1955, in retaliation for the past. **(The latest data suggests a connection to the American Revolution).**

- King George III ran the American Revolution, from the British side, so III = 3, 3 shots rang out in Dallas, JFK had 3 kids, 3 terms in the house, 3 years as president, 3 hobo's were cot, the limo sped thru the triple underpass, etc.
- King George III coronated 1760, JFK elected 1960
- King George was 22, JFK shot 11-22, the 11 is probably related to the 9-11-1776 Staten Island Peace Conference.
- JFK shot 1963, 63=21+21+21, 21 is also 9 on the clock, the 9th letter is I, so 63 translates to III.
- JFK was born 52 years after the Civil War, 52wks is symbolic for revolution. Dealey Plaza is also shaped like 52.
- **The latest data suggests 90 is revolution symbolism, since 90 degrees, is symbolically at the top of the clock.**
- 9-11 was 90 years after the 1911 bust up of Big OIL Trust , by the 1890 SAA (Sherman Antitrust act) (S,A,A is 19, 1, 1) (add 90 to 1911 and you get 2001, 9.11 presumably comes from 1911). So the number 90 appears prevalent in 9-11 symbolism. UA175 hit at 903, the first WTC hit was in 1990 + 3, and UA93 converts to 90+3. **(The latest data suggests 3 is symbolic for King George III).** The Trust was busted up by the 1890 SAA act, and SAA converts to 19-1-1, with S being the 19 letter. There were 19 hijackers, and most were from SA (Saudi Arabia). The WTC architect helped build the SA airport. SAA converting to 19.1.1, contains 9.1.1 and is symbolically the reverse of Lee's birthday 1.19 (Robert E Lee). Reverse symbolism is frequent in 9.11 research.
- For example General Lee's name is reversed in the name of the WTC designer, and 9.11 is symbolically the reverse of Lee's birthday 1.19. Robert E Lee's first campaign was on Cheat Hill on 9-11-1861
- The British owned ManHatten in 1664, 119 years later the AR ends. And 64 is the reverse of 46. Bush, born in 1946, stood on the rubble, wearing hat 164. The SS roze to power (according to theory) 64 years after the Civil War, on the heels of the 1929 stock crash. Robert E Lee's estate was turned into Arlington cemetery in 1864. AA77 buzzed Arlington, seconds before crashing into the Pentagon, after a 64 minute flite.
- **The latest data suggests 46 symbolically reverses 64, and the British owned ManHattan in 1664.**
- AA11 hit the north tower at 846, after a 46 minute flight, and the 9-11 president was born in 1946, and was the 46th governor of Texas. 9-11 occurred 46 years after the World Trade Center was conceived in 1955, and the 1911 bust up of Big Oil, was 46 years after the Civil War. JFK was 46, and the Garrison trial was on 4-6.
- The first WTC hit was 14 til 9, and Robert E Lee became fatally ill on the 9th month for 14 days, and 9.11 was 3 dayz shy of the 100th anniversary of the Mckinnley hit on 9-14 (who had JD investigated). JD died 3 yrs shy of his 100th birthday. Bush stood on the 9.11 rubble, on 9-14.
- **The latest data suggests 34 is symbolic for "3 For" or rather "For 3".**

- Also JFK was was threatened on the 34th anniversary of the 1929 Stock crash, and in 1911 Big OIL was busted into 34 pieces, and JFK was shot on his 34th month as prez, and his wife was 34 years old, and Bush filed on 3-4 for the
