The Assaults Begin 5-9 after I Publish on my Site 9-11 & JFK (1) & Do a Story on Trump & the SS

my Leg is Yanked Again? Bone Beyond its Limits Like the "Strapedo" OR the 18th Century

So I write a Story that The SS is Out of their Minds Insane & SCUM

Then on 5-18 I Message US & Country officials Rattling on the SS

The CIA's? had it in for me since DAY 1

Routine Threats were Being Homeless & HandiCapped

years ago They Had me Beat up at a Bar

like I was Born to HIT

I looked like the Elephant Man

so my face was Unrecognizable My 1st Day on the Job

Back in 2000

They literally Crippled me in bed

you guessed it (yanked) Both Legs Beyond their Limits

While Bush was Runnin then 9-11 Hit while he was in Florida

Initially I crawled around to get things Done For Months I was like Gramps

Back in 2013

they tried to Beat me up

Before a Slam o Rama for the excuse

one Concussion after another to Kill Memory of their past

Hit attempts are also Routine especially after I started Pushin 9-11 theory in 2014

Concussions are Routine So I'm like a Line Backer

like 15 the last 2 weeks of April 2016

including that He's Angels Biker

Just Recently in 2016 they clubbed my foot like Tonya as I slept

it felt twice as big as it throbbled

Back in 2006

they tried to Smash up My Home

as if to put me on Skid Row my Van

With a Staged Accident

then later Poisoned me

as I slept as it to put me on the operation table

Food Contamination & Keepin Me Draggd is Routine

I'm easier to mess with that way
